Virtual Scientific Exchange Meeting (SEM)

Differential Diagnosis in the Field of Interstitial Lung Diseases – Interfaces Between the Different Disciplines

Wednesday 1st December 2021; 17:30–20:30

Attribution of training credits requested for the following
medical societies: SGP, SGR, SGAI, SGFV, SGR

CSL Behring
Biotherapies for Life™

CSL Behring and Boehringer Ingelheim are co-hosting an interdisciplinary Scientific Exchange Meeting (SEM) on 1st December 2021 on **“Differential Diagnosis in the Field of Interstitial Lung Diseases – Interfaces Between the Different Disciplines”**. At the crossroads of pulmonology, rheumatology, immunology and radiology, different topics will be presented by experts from across Switzerland and one expert from France.

The event is divided into two parts. The first part focuses on the differential diagnosis of various diseases with lung involvement. The second part will discuss various fibrotic diseases.

We would be honoured to have you take part in our Scientific Exchange Meeting.

Kind regards,

Boehringer Ingelheim and CSL Behring

Dr. Caroline von Achenbach
Medical Scientific Liaison Manager
CSL Behring

Yannik Poirier
Medical Advisor
CSL Behring

Dr. Daniela Roncari
Senior Medical Manager Oncology & Specialty Care
Boehringer Ingelheim (Schweiz) GmbH

Dr. Maryam Hussain
Medical Science Liaison Specialty Care
Boehringer Ingelheim (Schweiz) GmbH

Agenda

Chairs: Prof. Dr. Johannes von Kempis, Dr. Romain Lazor

17:30–17:40 Introduction

Dr. Romain Lazor, Lausanne
Prof. Dr. Johannes von Kempis, St. Gallen

1. Differential Diagnosis in Rare Lung Diseases: Restrictive and Obstructive

17:40–18:00 Alpha-1-Antitrypsin Deficiency: How to Differentiate it from COPD

Dr. Nikolay Pavlov, Bern
Prof. Dr. Thomas Frauenfelder, Zurich

18:00–18:15 Discussion

18:15–18:35 Combined Pulmonary Fibrosis and Emphysema

Prof. Dr. Vincent Cottin, Lyon
Prof. Dr. Lukas Ebner, Bern

18:35–18:50 Discussion

2. Spectrum of Fibrotic Diseases

18:50–19:15 ILD in the Context of CTD and Primary Immunodeficiencies

Prof. Dr. Britta Maurer, Bern

19:15–19:30 Systemic Sclerosis-Associated Interstitial Lung Disease: Management and Treatment Strategies

Prof. Dr. Ulrich Walker, Basel

19:30–19:50 Radiology: Diagnostic Current Status – Future Status

Prof. Dr. Thomas Frauenfelder, Zurich
Prof. Dr. Lukas Ebner, Bern

19:50–20:05 Fibrotic Diseases – Patient View

PD Dr. Dr. Katrin Hostettler, Basel

20:05–20:30 Discussion & Wrap Up
